

FY17 saw awards for building 16,800-km roads: Gadkari

PRESS TRUST OF INDIA
New Delhi, May 21

ASSERTING THAT HE is not a "trader of dreams" but a person with a track record of "actualising" them, Union road transport, shipping and highways minister Nitin Gadkari on Sunday said India saw awards for building 16,800 kms of roads in the previous fiscal which was a world

record of sorts.

Claiming that giant steps are underway to overhaul the country's infrastructure with a target for execution of works worth Rs 25 lakh crore in five years, Gadkari said projects worth Rs 6.5 lakh crore have already been awarded. "I am not a trader of dreams rather I am a person with strong commitment who has a track record of actualising

dreams which he shows. I am not a man of empty words and a record can be kept of the promises I make," Gadkari said in reply to a query at the India Today Editors Roundtable.

The country saw awards for building 16,800 kms of roads in the last fiscal which was a "world record" of sorts, he said.

Gadkari said his idea of developing a city like Durgam in Auli

in Uttarakhand could very well be realised as it is already a ski destination in Chamoli district and falls on the way to Badrinath. A Rs-12,000 crore project is on for developing 900 km of national highways in Uttarakhand for improving connectivity to the Char Dham pilgrimage centres — Kedarnath, Badrinath, Gangotri and Yamunotri in the Himalayas, he said.

REUTERS

Geneva, May 21

FRENCH PLANEMAKER DASSAULT Aviation hopes to start talks with India by the end of the year for additional sales of its Rafale fighter jet, before full negotiations in 2018, chief executive Eric Trappier said in Geneva on Sunday. He also said the company was awaiting more information on Canada's search for

fighter planes.

Canada said on Thursday it was reviewing plans to buy military equipment from Boeing Co after the US planemaker launched a trade complaint alleging that Canada's Bombardier Inc had dumped jets into the US market.

In November, Canada said it wanted to buy 18 Boeing Super Hornets as a stopgap measure while it prepared a competition

to replace its aging fleet of fighter jets.

According to industry sources, the Canadian government has also held talks with Eurofighter, Lockheed Martin and Saab. "We are in a phase where I do not know (...) if they are still in a tender in which we are a part or if they are negotiating on a one-to-one basis," Trappier told Reuters on the sidelines of the Recce business aviation fair.
